A MESSAGE FROM THE HEAD OF COLLEGE

Dear Parent,

Hurst College offers a range of awards for various aspects of school life. Award holders are valued at Hurst, not only for what they themselves can achieve, but also as role models for others and for their ability to support and lead others. They are certainly not seen as a breed apart, but are full members of our community who have a distinct role to play.

During their time at the college, they will be well supported and every step will be taken to ensure that they make the most of the opportunities here and of their own abilities. In this respect they are like every other pupil, but there is a recognition they have something particular to offer the rest of the school. Being an award holder is not only an honour and a privilege, but also a very real responsibility.

Awards come with expectations and it is important that these are recognised by those who hold them. There is a regular process of reviews which should, ideally, be congratulatory but also exploratory in order to see how best to develop an individual pupil's talents. However, they are also designed to ensure that award holders do, indeed, play their part and make the most of their abilities and talents. In this way, award holders can expect a tremendous amount from the school, but also the school will expect much from them as well. Above all, award holders are expected to set a good example and, in the unlikely event that they transgress any of the Big 12 (see Pupils' Guide) they will lose their award.

It is my experience that our approach to awards and award holders is very constructive and beneficial to both individuals and the school as a whole.

Good luck to those applying and do come and see me if you want to talk about anything raised in this booklet.

Dominic Mott
Head of College

SCHOLARSHIP CONDITIONS

- Music award holders are required to sing in the Chapel Choir, and also to take part in instrumental ensembles such as Orchestra, Wind Band, Jazz Band, as appropriate.
- Sixth Form awards are made subject to the candidates achieving Level 7 or above in the subjects they intend to study in the Sixth Form at Hurst. Where a pupil wishes to start a new subject which they have not studied before, they need to have achieved a Level 7 in a GCSE subject closely related to it (i.e. for Economics, ideally a pupil should have a Level 7 in Maths GCSE). Students should also have a minimum of Level 5 GCSE in Maths and English.
- Award holders will be monitored throughout their time at the College and awards will be reviewed annually to ensure satisfactory contribution and progress. The annual review of award holders by the Headmaster and others will take place in the Lent Term. If the award holder is not making satisfactory progress, parents will be advised and the pupil set clear targets. If these are not met by the end of the Summer Term, the award will be withdrawn at that point.
- Award holders are also expected to be role models at all times and to represent the College, at the College's request, at Open Mornings, matches and performances (as appropriate to the Award) and at similar occasions.
- Any pupil in possession of an award of any sort who is suspended from the School will automatically lose their award.
